I am reaching out because I heard Mr. Ray's funeral will be taking place tomorrow evening. I will unfortunately not be able to be to accompany the family. I am distraught to hear that he has passed away. We lost a good friend and a fantastic boss. Please give the family my condolences for this huge loss.

With prayers and love, Oscar Hernandez

Ray joined Calvert Masonry as Foreman in 1995 after twenty (20) years with Innamorato Construction Company, where he had worked his way up the ranks from Bricklayer to Foreman. During his first ten (10) years at Calvert, Ray built several of our K-12 school projects throughout Prince William, Loudoun and Fairfax counties, and also led our team through Calvert's first ten (10)+ story new building.

Ray was promoted to Superintendent in 2005 to oversee several projects at a time, including the new TC Williams High School (now Alexandria City High School), which was a \$10 million + masonry project. By 2010 Ray had taken a larger role as Senior Superintendent with the passing of our VP of Field Operations.

Ray was highly valued for his work ethic, the level of involvement and detail on his projects, and his expert knowledge of masonry and construction. His dedication toward the success of Calvert Masonry was beyond measure, and he will be deeply missed both personally and professionally.
